Hello, I'm Jet. Thank you for contacting VyprVPN supportÜbersetzung anzeigen
I appreciate your interest in our product.Übersetzung anzeigen
Unfortunately WireGuard protocol is not available for routerÜbersetzung anzeigen

Jet

As of now only OpenVPN protocol is supported for routersÜbersetzung anzeigen
You could use WireGuard protocol on our app for other devicesÜbersetzung anzeigen
Please download the application for various devices from here: <https://www.vyprvpn.com/vpn-apps>Übersetzung anzeigen

Jet

Unfortunately we do not have WireGuard configuration in text file format, its inbuilt in our appÜbersetzung anzeigen

Jet

Unfortunately I'm not sure of thatÜbersetzung anzeigen
May I know the device that you are trying to connect with?Übersetzung anzeigen

Jet

Unfortunately router model is not supported by our applet.Übersetzung anzeigen
These are the routers supported by our app: https://tomato.groov.pl/?page_id=69Übersetzung anzeigen
Alternatively, we offer manual OpenVPN configuration methods for routers with DD-WRT, AsusWRT, and OpenWRT firmware. DD-WRT: <https://support.vyprvpn.com/hc/en-us/articles/360037716632-VyprVPN-OpenVPN-Setup-for-DD-WRT> AsusWRT: <https://support.vyprvpn.com/hc/en-us/articles/360037721792-VyprVPN-OpenVPN-Setup-for-AsusWRT> OpenWRT: <https://support.vyprvpn.com/hc/en-us/articles/360037716552-VyprVPN-OpenVPN-Setup-for-OpenWRT> (only recommended for advanced users) This information, along with answers to many other frequently asked questions can also be located on our support site at: <https://support.vyprvpn.com/hc/en-us/articles/360037728952-Does-VyprVPN-support-router-setups>Übersetzung anzeigen
