

pixelserv-tls 2.2.0-rc.5 (compiled: Sep 29 2018 11:38:44 flags: no\_tls1\_3) options: 192.168.0.2 -R

uts	1d 11:53	process uptime
log	1	critical (0) error (1) warning (2) notice (3) info (4) debug (5)
kcc	4	number of active service threads
kmx	16	maximum number of service threads
kvg	2.32	average number of requests per service thread
krq	208	max number of requests by one service thread

req	6820	total # of requests (HTTP, HTTPS, success, failure etc)
avg	1231 bytes	average size of requests
rmx	3064 bytes	largest size of request(s)
tav	2 ms	average processing time (per request)
tmx	1075 ms	longest processing time (per request)

slh	24	# of accepted HTTPS requests
slm	97	# of rejected HTTPS requests (missing certificate)
sle	0	# of rejected HTTPS requests (certificate available but bad)
slc	1701	# of dropped HTTPS requests (client disconnect without sending any request)
slu	3294	# of dropped HTTPS requests (other TLS handshake errors)
uca	0	slu break-down: # of unknown CA reported by clients
ucb	0	slu break-down: # of bad certificate reported by clients
uce	3122	slu break-down: # of unknown cert reported by clients
ush	16	slu break-down: # of shutdown by clients after ServerHello

sct	50	cert cache: # of certs in cache
sch	4917	cert cache: # of reuses of cached certs
scm	55	cert cache: # of misses to find a cert in cache
scp	39	cert cache: # of purges to give room for a new cert
sst	0	sess cache: # of cached TLS sessions (for older non-RFC5077 clients)
ssh	39	sess cache: # of reuses of cached TLS sessions
ssm	953	sess cache: # of misses to find a TLS session in cache
ssp	0	sess cache: # of purges to give room for a new TLS session

nfe	1378	# of GET requests for server-side scripting
gif	1	# of GET requests for GIF
ico	1	# of GET requests for ICO
txt	29	# of GET requests for Javascripts
jpg	5	# of GET requests for JPG
png	0	# of GET requests for PNG
swf	0	# of GET requests for SWF
sta	4	# of GET requests for HTML stats
stt	0	# of GET requests for plain text stats
ufe	141	# of GET requests /w unknown file extension

opt	0	# of OPTIONS requests
pst	127	# of POST requests
hed	0	# of HEAD requests (HTTP 501 response)
rdr	0	# of GET requests resulted in REDIRECT response
nou	0	# of GET requests /w empty URL
pth	0	# of GET requests /w malformed URL
204	0	# of GET requests (HTTP 204 response)
bad	38	# of unknown HTTP requests (HTTP 501 response)

tmo	3	# of timeout requests (client connect w/o sending a request in 'select_timeout' secs)
cls	1703	# of dropped requests (client disconnect without sending any request)

cly	0	# of dropped requests (client disconnect before response sent)
clt	0	# of dropped requests (reached maximum service threads)
err	0	# of dropped requests (unknown reason)
