

pixelserv-tls 2.2.0-rc.5 (compiled: Sep 29 2018 11:38:44 flags: no_tls1_3) options: 192.168.0.2

uts	0d 00:23	process uptime
log	1	critical (0) error (1) warning (2) notice (3) info (4) debug (5)
kcc	3	number of active service threads
kmx	5	maximum number of service threads
kvg	1.00	average number of requests per service thread
krq	1	max number of requests by one service thread

req	321	total # of requests (HTTP, HTTPS, success, failure etc)
avg	274 bytes	average size of requests
rmx	442 bytes	largest size of request(s)
tav	6 ms	average processing time (per request)
tmx	17 ms	longest processing time (per request)

slh	2	# of accepted HTTPS requests
slm	27	# of rejected HTTPS requests (missing certificate)
sle	0	# of rejected HTTPS requests (certificate available but bad)
slc	269	# of dropped HTTPS requests (client disconnect without sending any request)
slu	17	# of dropped HTTPS requests (other TLS handshake errors)
uca	0	slu break-down: # of unknown CA reported by clients
ucb	0	slu break-down: # of bad certificate reported by clients
uce	5	slu break-down: # of unknown cert reported by clients
ush	0	slu break-down: # of shutdown by clients after ServerHello

sct	13	cert cache: # of certs in cache
sch	264	cert cache: # of reuses of cached certs
scm	13	cert cache: # of misses to find a cert in cache
scp	0	cert cache: # of purges to give room for a new cert
sst	0	sess cache: # of cached TLS sessions (for older non-RFC5077 clients)
ssh	3	sess cache: # of reuses of cached TLS sessions
ssm	275	sess cache: # of misses to find a TLS session in cache
ssp	0	sess cache: # of purges to give room for a new TLS session

nfe	3	# of GET requests for server-side scripting
gif	0	# of GET requests for GIF
ico	2	# of GET requests for ICO
txt	0	# of GET requests for Javascripts
jpg	0	# of GET requests for JPG
png	0	# of GET requests for PNG
swf	0	# of GET requests for SWF
sta	1	# of GET requests for HTML stats
stt	0	# of GET requests for plain text stats
ufe	3	# of GET requests /w unknown file extension

opt	0	# of OPTIONS requests
pst	0	# of POST requests
hed	0	# of HEAD requests (HTTP 501 response)
rdr	0	# of GET requests resulted in REDIRECT response
nou	0	# of GET requests /w empty URL
pth	0	# of GET requests /w malformed URL
204	0	# of GET requests (HTTP 204 response)
bad	0	# of unknown HTTP requests (HTTP 501 response)

tmo	0	# of timeout requests (client connect w/o sending a request in 'select_timeout' secs)
cls	269	# of dropped requests (client disconnect without sending any request)

2018-10-01

pixelserv statistics

cly	0	# of dropped requests (client disconnect before response sent)
clt	0	# of dropped requests (reached maximum service threads)
err	0	# of dropped requests (unknown reason)
